## Pyramid Model Connection

During the month of July, classrooms will focus on implementing the use of the emotions chart. The emotion chart can be used as part of an "emotion check in." Children can use the emotion chart to let you know how they are feeling throughout the day. Discuss how people can tell how you are feeling by looking at the expression on your face. Talk about how to tell the different feelings apart by looking at different facial features between each emotion. Check out this [Backpack Connection Series](#) to learn more about teaching your child to label their feeling and print off this [feeling faces](#) chart to utilize at home.

*ATC's Fourth of July Parade will take place on Wednesday, 7/3 at 9:30am. Ages 1 and up will participate.*
