## Pyramid Model Connection

During the month of August, classrooms will focus on implementing the use of classroom consistent approaches. The first consistent approach they will focus on will be using the Clean Up Song. *"Clean Up! Clean Up! Everybody, everywhere. Clean Up! Clean Up! Everybody do your share."* Utilizing the same consistent approaches across the center helps the children to feel secure as they transition to new rooms. Try using this song at home when it's time for your children to clean up!
